

Who am I?

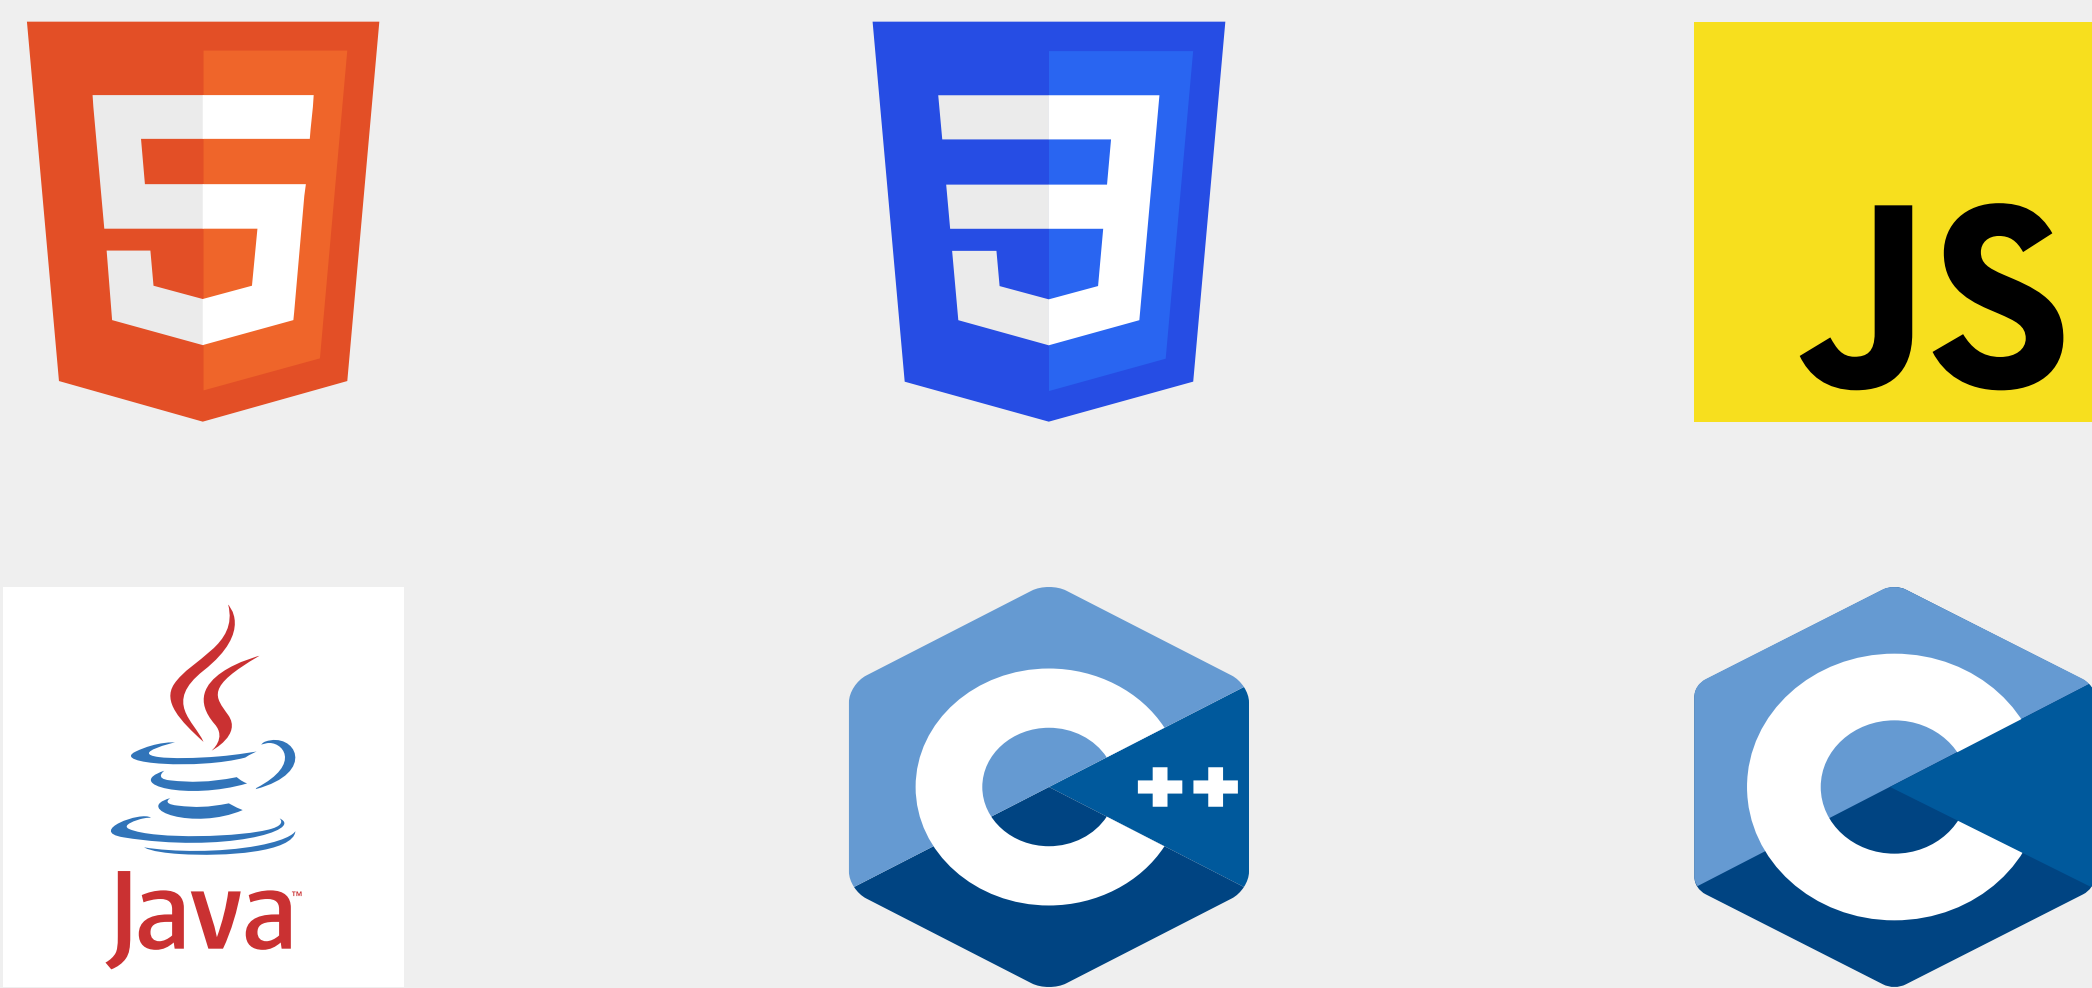

Andres Diaz

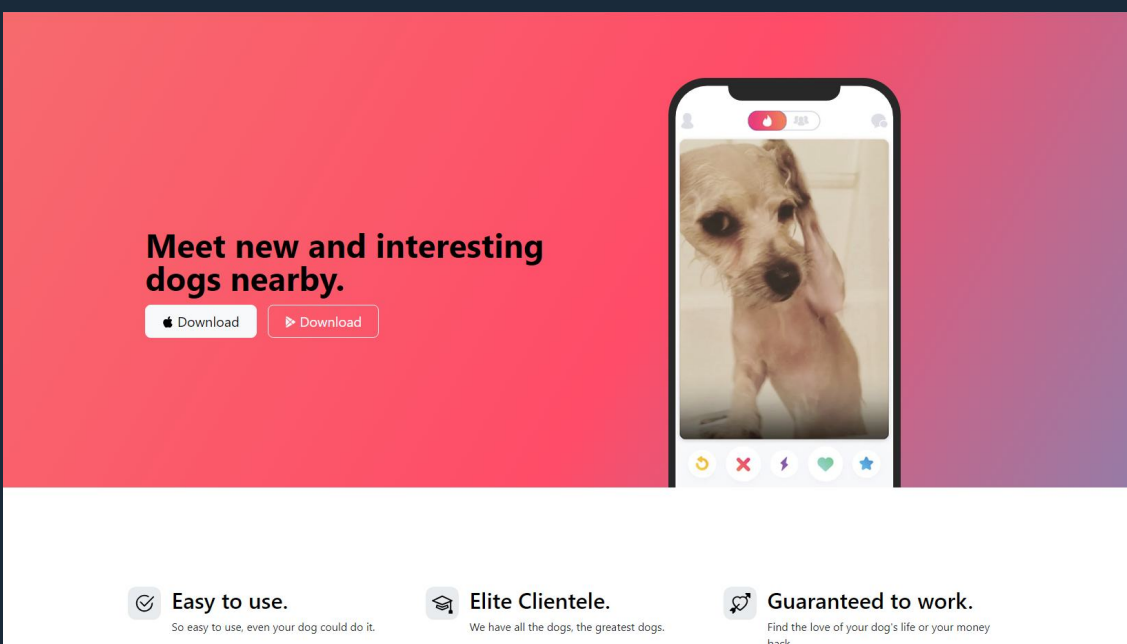

Hey there! I'm a Software Engineering student at Universidad de Costa Rica with a passion for technology and a keen interest in software development!

My Skills and Tools

Throughout my years studying at college, I have gained a solid foundation in programming languages and tools such as HTML, CSS, Javascript, C++, C, Java, and Python, and I am well-versed in agile methodologies, software design principles, clean code, and test-driven development.

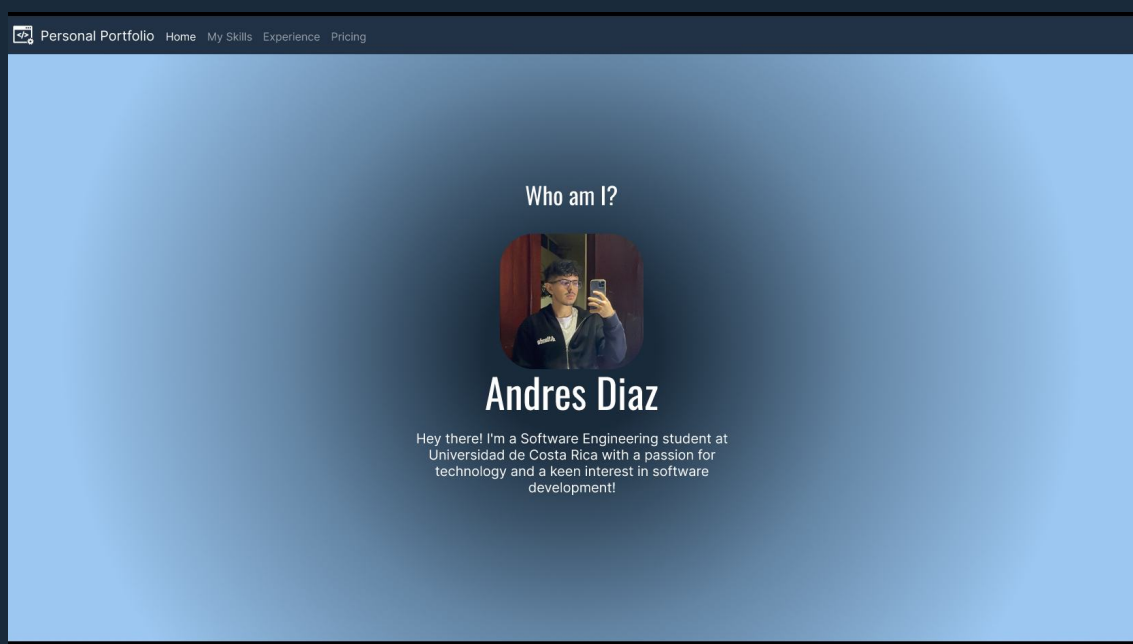

Personal Projects

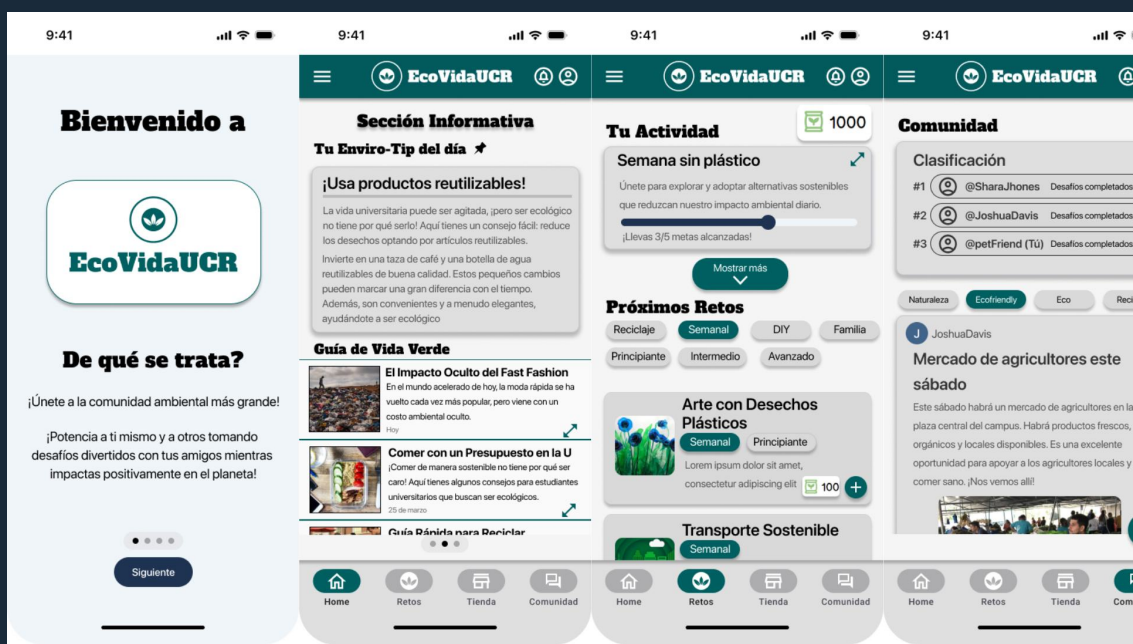

TinDog

Tinder for dogs landing page. This is a startup example project created with HTML and CSS. Also integrated with Bootstrap 5 components.

Personal Portfolio

This portfolio website showcases my skills and projects as a web developer. It features a responsive design, intuitive navigation, and a clean, modern aesthetic. Done with HTML, CSS, and Bootstrap 5.

EcoVidaUCR

More about me!

In addition to my academic pursuits, I am an enthusiastic learner with a strong interest in web development and other areas within the tech industry. I thrive on tackling complex problems, collaborating with new teammates, and adapting to new environments.

Some of my hobbies that I love to do are:

- **Playing Video Games:** I enjoy playing first-person shooters (FPS) like Valorant and Overwatch.
- **Listening to Music:** My musical tastes range from rap and reggaeton to hip-hop, trap, and RnB. Some of my favorite artists are Mac Miller and Mora.
- **Traveling:** I love exploring new countries. The next destinations on my list are Greece, Canada, and Switzerland.
- **Gym:** I like to stay active by going to the gym and playing soccer.

I spend a lot of time with my French Poodle, Barry (the one in the photo on the left). He is a big part of my life and is my sleeping partner :)

Stay in contact with me

I'd love to connect with you! Here are a few ways you can get in touch or stay updated with my work:
